School Accountability Report Card Reported Using Data from the 2017—18 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About Our School

Welcome to Para Los Ninos Charter Middle School. We are glad to have you as part of our community. This year we provided a day a week for professional development along with two weeks of professional development at the beginning of the year and three days of professional development throughout the year. We have a focus on professional development that was developed through collaboration with teachers and other stakeholders and the topics include: Instructional Rounds, Academic Language, Data Analysis, and Social-Emotional Learning. The majority of these professional development opportunities are provided after school and teachers receive follow up and support not just through administration but also through other key members of the organization of PLN that provide in-class support, but also through collaboration with teacher leaders that help to provide ongoing peer guidance.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2016—17	School 2017—18	District 2016—17	District 2017—18	State 2016—17	State 2017—18
English Language Arts / Literacy (grades 3-8 and 11)	26.0%	24.0%	40.0%	43.0%	48.0%	50.0%
Mathematics (grades 3-8 and 11)	12.0%	12.0%	30.0%	32.0%	37.0%	38.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018—19)

Parents are given multiple opportunities to participate and join in with the school community, since as a school we recognize that their participation is key in maintaining a positive and growing school environment. We communicate through parents through the school webpage, online apps, and Facebook pages, all in attempts to reach parents in as many ways as possible. We also maintain meetings with parents at various times of the day, recognizing the different schedules that parents have to maintain.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates

School Safety Plan (School Year 2018—19)

Our Safety Plan is prioritized to ensure that all students are kept safe, regardless of any challenges. Our safety plan is co-created with LAUSD and updated on an annual basis, and then reviewed with the key members of the safety committee as well as with relevant stakeholders to ensure that procedures are put into place and followed not just with drills but also when actual needs do arise.

Types of Services Funded (Fiscal Year 2017—18)

Our school has a variety of programs to help support students. One of the hallmarks of Para Los Niños is the strong belief in supporting the whole child. Thus we have a robust mental health program that works in tandem with our academic program, not just in Tier 2 and Tier 3 interventions with students, but also by working with our classroom teachers to implement Tier 1 supports for students in all Advisory classes. In addition to our Social-Emotional Learning support we also have numerous academic interventions that are provided throughout different points in the year, targeted towards students at different points of need. Lastly, we have a comprehensive after-school program that provides a wide variety of enrichment classes for students as well as academic support.

Professional Development

This year we provided a day a week for professional development along with two weeks of professional development at the beginning of the year and three days of professional development throughout the year. We have a focus on professional development that was developed through collaboration with teachers and other stakeholders and the topics include: Instructional Rounds, Academic Language, Data Analysis, and Social-Emotional Learning. The majority of these professional development opportunities are provided after school and teachers receive follow up and support not just through administration but also through other key members of the organization of PLN that provide in-class support, but also through collaboration with teacher leaders that help to provide ongoing peer guidance.
