

Youth Workforce Services

Our Youth Workforce Services partners with disconnected youth in the LA area to become re-engaged in school and the workforce.

Highlights of our model:

- We focus on two main groups: in-school youth and out-of-school youth with a focus on dropout prevention and recovery
- High school participants are matched to a college and career advisor who works with them for two years
- We offer a variety of workshops and training to give our students the chance to discover what field of study or employment they would like to pursue
- We ensure that our youth is well-prepared to pursue a path of higher education and career stability

Who We Serve

2,000 youth

Ages

10-24

75% out of school and out of work

100% below Federal Poverty Line*

| International Institute of Los Angeles | |
| Los Angeles Superior Court | |

Our History

In 1979, the Los Angeles Times published “*The Children of Skid Row: A Grim Life,*” an investigative article detailing the harsh realities for children living in the Skid Row area of Downtown Los Angeles. After reading, teacher and social worker Tanya Tull was motivated to take action.

With only a \$5,000 grant and a warehouse, Tull established the first children’s social service agency on Skid Row and the foundation for Para Los Niños. In 1980, the agency served a total of 51 children, and since then, PLN has grown into a widely respected charitable organization, serving over 5,000 children, youth and families per year.

What We Do

Early Education

Our early education centers provide over 450 students with high-quality academic and social-emotional education. Starting as young as six-weeks we engage parents to ensure a strong support system for their success well beyond preschool.

TK– 8th Education

Our project-based approach keeps students intellectually enriched and our wraparound support builds social emotional skills, character, and confidence for over 1,100 students at our Gratts Primary School, Charter Elementary School, and Charter Middle School.

Youth Workforce Services

Working with over 2,000 disconnected youth and adults each year, our staff connects participants with opportunities to build their careers and engage in the community. Through workshops, mentorship, internships, and case management, YWS helps students to succeed in school, work, and life.

Student & Community Services

We use protective factors to create safe and connecting spaces for 4,000 children and caregivers each year. Our staff works to strengthen family environments and reduce barriers for children, youth, and adults to thrive
